

RIMAGE CATALYST® EDS SERIES

Professional performance and quality in the right-sized package

The Rimage Catalyst Evidence Disc System (EDS) is the industry's highest-performing, most reliable solution for optical publishing and ingestion of CDs, DVDs and Blu-ray Discs™ for evidence preservation and distribution.

Combining optical disc technology with advanced software and integration, Evidence Disc Systems are multi-function devices designed for law enforcement workflows. Automatically collect, copy, review and export digital evidence to standardized and portable optical disc media—drastically reducing time spent on manual processes.

Benefits

Multifunctionality in a single package

Automatically ingest, publish and archive digital evidence from a wide range of sources with one hands-free system. Quickly create court-approved copies of evidence using the walk-up touchscreen interface.

Streamlined workflow

With positive air flow through a front-accessible filter, quick-release recorders, front-facing hard drive bays and separate printers, Catalyst systems are designed to be easily maintained in any environment.

Intuitive interface

Produce one or many copies of evidence as easily as printing to the office printer. Rimage's thermal retransfer technology permanently prints case information directly to the disc in under a minute, improving traceability.

Features

- Integrated DiscWatch™ Status Light
- High capacity and throughput
- Full functionality in a compact design
- Embedded Windows 10 Computer
- Integrated high-resolution digital camera
- Everest® thermal retransfer printing
- LCD interface displaying system status
- EDS Forensic Software
- Front accessible USB 3.1 gen 1
- Standardized, portable, secure CD/DVD/Blu-ray Disc media
- Integration with Rimage solution software

SYSTEM SPECIFICATIONS

CATALYST 6000N	
Number of Recorders	2
Carousel / Total Capacity	3 bins / 150 discs
External Output Bin Capacity	50 discs
Printer	Everest Encore
CPU	Intel Core I3-6100
Trusted Platform Module (TPM)	Included
HDD Storage	2 x 500 GB
RAM	8 GB
Operating System	Win 10 Enterprise 64-bit
Network Adapters	Two 1 GB Ethernet
Rimage Software Suite (RSS)	A full set of software tools enabling unique artwork design, job submission, system management, production monitoring and custom application creation.
CD Designer™	Label creation software – included
QuickDisc™	Disc burning software – included
WebRSM™ / Rimage System Manager (RSM)	Control and manage the system, locally or through the web – included
Height	25.5 in / 64.7 cm
Width	16 in / 40.6 cm
Depth*	23.25 in / 59 cm
Weight (without printer)	65.3 lb / 29.7 kg
Weight w/ Everest Encore	109.3 lb / 49.7 kg
Power Specifications	100-240 VAC, 60/50 Hz, 3.9-2.6 AMP, 500 watt Maximum
Warranty	12 months

* Allow space (3.5" or 9 cm) in rear of machine for cabling.

We Recommend

Rimage Maintenance Agreements

Maximize your ROI and minimize downtime when quick problem resolution is a must. With our range of skilled technicians and industry-leading support services, Rimage has a maintenance plan that meets your needs.

Rimage Media Kits

Get reliable, uninterrupted performance from your Catalyst system. With optimized print ribbons and discs, Media Kits give you the best-looking, longest-lasting results in one convenient and affordable package.
